### ALCOCONNECT LIVE

The Alcolizer AlcoCONNECT Live Data system combines Alcolizer's innovative testing technology with state of the art business solutions. It is the ideal tool for Safety and Business Managers seeking real time, analysed test results from across your business.

Alcolizer is the largest supplier of alcohol instruments to Australian Police and industry. Our Australian made instruments and services are used to conduct over 20 million AOD tests annually.

### DASHBOARDS AT-A-GLANCE

AlcoCONNECT Dashboard of Results gives an easy to review analysis of your test data by number of tests, site location, time of day, result and employee. Drug and Alcohol tests are listed separately and data can be divided by sites or business units. Drill down into data on the Dashboard for instant access to the original alcohol, drug screen and confirmatory toxicology results.

Dashboard will let you easily identify hot spots in your business and target resources so you can maximize your testing spend.

## AlcoCONNECT

### ACHIEVE YOUR AIMS WITH YOUR DRUG AND ALCOHOL PROGRAM

We understand that every work place strives to be Drug and Alcohol free. Alcolizer's **AlcoCONNECT** technology provides you with real time analysis on the effectiveness of your drug and alcohol program. Understanding where and how exception tests occur enables you to target where additional training and support is required to ensure all employees are best able to comply with the site's safety requirements.

### RELIABLE, FAST, CONFIDENTIAL ACCESS TO YOUR DRUG AND ALCOHOL TEST DATA

Every Drug and Alcohol test undertaken by Alcolizer is available confidentially and live on our **AlcoCONNECT** secure data link. Site Management can view the data for their site, whilst National Managers can see every test. Data can be refreshed every 5 minutes.

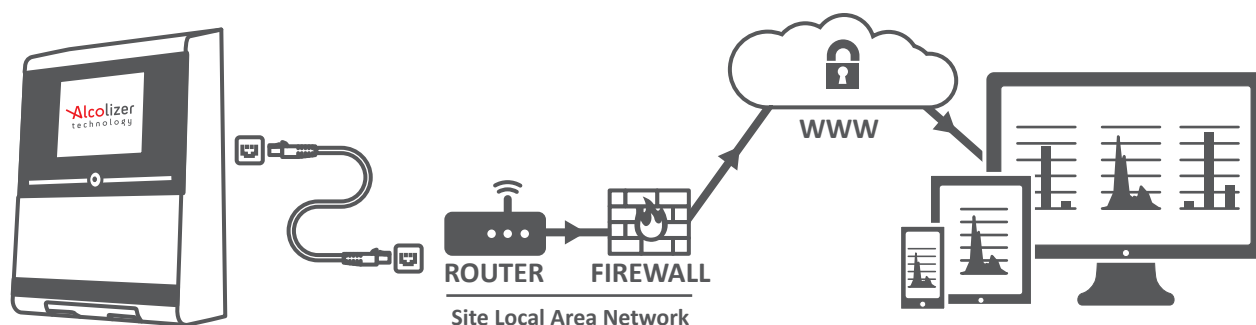

### EASY COMPLIANCE WITH ELECTRONIC DATA - NO MORE PAPERWORK OR TIME CONSUMING DOWNLOADS

Alcolizer records all Drug and Alcohol test data, including signatures, onto a secure electronic base. **Alcolizer Wall Mount 4** breathalysers, used as part of the site program, have a range of connectivity options supported "out-of-the-box" and tailored for you. Your compliance reports are generated from this information and instant email alerts are sent to management for exception tests.

### DATA SECURITY IS ASSURED

Alcolizer ensures that your confidential data is available 24/7 and is fully-secure, by using a Secure Sockets Layer, Encrypted link and Multi-Factor Authentication, secured in a Data Centre in Sydney.
